Waiving the centage charges levied on "contribution works undertaken by the Electrical Department.

1 DEC 1917

No. 1113-15 dated Bangalore, 20 December 1917.

Proceedings of the Government of His Highness the Maharaja of

M y s o r e.

Public Works Department.

R e a d:-

(1) Note No.62/P.W.D. dated the 15th May 1918, by the Public Works Secretary, submitting the desirability of waiving the centage charges for establishment and Tools and Plant as well as for supervision and stores, now levied on contribution works, as laid down in the schedule attached to G.O.No.642-8/P.W.D. dated the 18th September 1913.

(2) further note No.72/P.W.D. dated the 11th January 1917, by the same officer, submitting the resolutions of the committee appointed to consider the question as to the source from which the cost of additional-limits to be entailed in the Bangalore City and the extensions is to be met and recommending that the centage charges levied on contribution works undertaken by the Electrical Department might be waived.

Order No. 1113-15 dated Bangalore, 20 December 1917.

It is reported that the charges now levied on "contribution works", undertaken by the Electrical Department amount to 35 per cent of the estimated cost of works, viz., 25 per cent on account of "establishment and tools and plant" and 10 per cent for stores and supervision.

2. The Chief Electrical Engineer suggested, and the Financial Secretary concurred therein, that such percentage charges were excessive and need not be recovered, as the estimates prepared by the Department for "contribution works" provided for all actual charges.

3. In these circumstances, the Government are pleased to direct that no "centage charges" be levied on contribution works, with effect from the date of this order.

R V Sundaram
for Secretary to Government,

To

The Chief Electrical Engineer to Government
The Comptroller of Accts.
The Secretary to Government, Revenue Department.
